resident evil 0 costume pack 2

dat rebecca nurse...

i came twice. I would normally say this is too anime to be acceptable but Marcus is literally a robe wearing Sephiroth stan who sings opera to leeches and vows to burn humanity in an inferno of hate, so... I guess RE:0 is anime.... Rebecca in a cute cosplay nurse outfit.

11/10 would let her mix herbs for me again. :D. Grab the costumes while they are on sale, BTW buy them individually the complete costume pack is \$10 US!, separately as a bundle they are less than \$5 US at least during this autumn sale.. I BASICALLY recieved this for free in a bundle when the series was on sale, but I would have 100% paid full price for this pack. Lolita(ish) nurse Rebecca is absolutely worth it. SHE'S SO CUTE. Also yes you CAN see up her skirt when in certain positions\during cutscenes for u pervs out there (definitely not me though no-no it was certainly not the first thing I tried to test at all)

BILLY LOOKS KIND OF REALLY RIDICULOUS THOUGH but Rebecca does too so I mean. It works. But we all got this because of nurse Rebecca anyway. No one cares about Billy (rip).

-Capcom 2016. whats the point of playing if you're not dressed in a cute cosplay? 11/10 for rebecca 0 for billy. Can confirm Rebecca is as kawaii as advertised. Would buy again.
